

Meet climb

We work with over 400 schools in over 20 industries — to date, we've funded the education of more than 100,000 learners!

Our mission is to increase access to career-focused education. That's why we work hard to ensure that everyone involved in the education financing process benefits from it by offering affordable payment options to attend skill-based education programs.

"The loan process with climb was so easy; Climb provided affordable and flexible payment options which worked great for my budget."

—Zerifa

"Climb does a really good job of informing you and being very transparent ... it's probably one of the easiest payments to keep track of out of anything else I have on my plate."

—Luis

"I was very new to this type of lending process, so it was really nice to have this go smoothly when I was already making this huge life decision and these really big commitments."

—Christy

"I think having a good product like Climb and not having to go through a bank or something like that was super helpful, and I was really thankful for that."

—Matthew
